PRODUCT PROMOTIONS MANAGEMENT

This application is used to insert and display promotions (Call to Actions for the consumer) (and agent related Notes), for Cruise Lines, Ships and Sailings that will be displayed on the consumer web site and in Power Agent. It also has the ability to apply Rate Codes, Cruise Specials, (sailing level only) and Yielding to promotions, when rate codes are specified the booking can take place electronically. If you have a Special from the cruise line and a rate code specific to that special then the special can be booked electronically (vendor specific) using product promotions.

1. Select the **ADMIN** button. It displays the admin menu options.
2. Select the Administration menu option. It displays the Administration window.
3. Select the [Product Promotions Management](#) link from Extended Website Administration options. It displays the following window.

 Sailing Level – sets sailing promotion(s).
 Tour Level – sets tour promotion(s).

8. Select the **Create New** button. It displays a window based on the Level that was selected in step 7 above:

Promotions that are added to the system will displayed in the form of links as before on the consumer web site and in Power Agent. The agent and consumer will be able to select the promotion from a drop down list on the **Select Number of Passengers** page.

The following explanations are dependent on what level was selected. From this point forward it is assumed that the agent has already selected the Agency, Web Site, Type and Level, and selected the Create New button.

Vendor Level Notes.

This level is for all ships for either single or multiple vendors.

1. Select a cruise line from the list. For multiple cruise lines hold down the Ctrl (CMD for Mac) key on the keyboard.

Note: A cruise line can be deselected by holding down the Ctrl (CMD for Mac) key on the keyboard and selecting the cruise line to omit.

2. Select the **Select Vendors** button. It displays the following window.

Note: Depending on which **Type** was selected for the promotion, will depend on which notes field are displayed in window.
